

*At Last...  
a patented device  
that absolutely  
prevents flag furling  
and wrapping, and  
most importantly,  
actually works!*

- ◆ *Foolproof*
- ◆ *Inexpensive*
- ◆ *Easy to Install*

**Never Furl®**

*The Flag  
Non-Furling Device*

[www.neverfurl.com](http://www.neverfurl.com)

With Never Furl® the wind will never wrap your flag around the flagpole again. You can now fly your flag all day long, everyday of the year.

U.S.A.**

U.S. Patent No. 5,375,555

# Never Furl® The Flag Non-Furling Device

## KEY PRODUCT FEATURES

Simple to install

Mounts easily on all standard 3/4", 1", 1.5" and 2" diameter flagpoles

Works on flagpoles made of any material and any length

Works equally well on Vertical, Outrigger or Horizontal poles

Can be used on tapered or telescoping poles

Works regardless of changes in wind speed and direction

Works with all size flags

Can be used with grommet or hemmed flags and banners

Will not rust or stain flags and banners

Material is made from high grade plastics with UV blocking added

Available in both white and black molded plastic

Packaged separately or in complete aluminum or fiberglass pole sets (with brass acorn, pole and bracket)

***Allows flags at half mast, if needed***

And introducing our newest patented product:  
**Never Furl® Rail Mount**

*Finally a rail mount  
for  
flagpoles!*

Works great on wrought iron, wood, aluminum, or chain-link fences from 3/8" up 2" square, rectangular, round or oval railings

Ideal for balconies on **ground-level** condo's and apartments. Also works great on boats and RVs!

Comes assembled with RailMount, six-foot aluminum 1" pole, brass acorn and white Never Furl ® non-furling device

***No other device like it!***

*U.S. Patent No. 6,276,651*

*Never Furl package components  
(Available in white or black molded plastic)*

***Compare for yourself to other products on the market, including so-called spinner flags and see the difference with this patented, innovative design!***
